

# Vertical and Horizontal Monitoring Antenna

20 – 6000 MHz

Product Code: OMNI-A0371

## PRODUCT DESCRIPTION:

The OMNI-A0371 is a compact integrated vertical / horizontal polarisation monitoring antenna for the band 20 MHz to 6 GHz.

An optional lightning-protection kit provides protection against direct strikes to the radome, making this antenna suitable for mast-top mounting.

## RELATED PRODUCTS:

## SPECIFICATIONS:

<b>Electrical: vertical</b>	
Frequency range	20 – 6000 MHz
Gain	See graphs for typical values
Connector	1 x N-f
E-plane beamwidth	60 °
H-plane beamwidth	360 ° nominal
Azimuth pattern ripple	20-3000 MHz: < 6 dB (RMS)
Vertical	3000-6000 MHz: < 10 dB (RMS)
Horizontal	20-3000 MHz: < 6 dB (RMS)
	3000-6000 MHz: < 10 dB (RMS)
Power rating	Receive only
Input voltage on coax	14-24 VDC
Input current	< 200 mA
OP1 dB (typ)	11 dBm
OIP2 (typ)	50 dBm
OIP3 (typ)	25 dBm
<b>Electrical: horizontal</b>	
Frequency range	20 – 6000 MHz
Gain	See graphs for typical values
Connectors	1 x N-f
E-plane beamwidth	360 °
H-plane beamwidth	60 ° nominal
Azimuth ripple	< 10 dB
Power rating	Receive only
Input voltage on coax	15 ± 1 V DC
Input current	< 150 mA
OP1 dB (typ)	11 dBm
OIP2 (typ)	50 dBm
OIP3 (typ)	25 dBm
<b>Mechanical:</b>	
Dimensions (mast included)	< Ø 0.35 m x 1.62 m
Dimensions (mast excluded)	< Ø 0.305 m x 1.02 m
Total mass	16 kg
<b>Environmental: designed to meet the following specifications</b>	
Wind survival	160 km/h (without ice)
Effective wind area	0.45 m <sup>2</sup>
Temperature range	-30 °C to +70 °C
Humidity	0% – 95%
Lightning survival	Direct strike (with optional protection)
